

## REMARKS

Applicant has amended claims 1, 2, 18 and 20 to require helically braided electrical conductors into the shaft. Support for the amendment can be found in claim 3 as originally filed. Applicant has added new claims 29 and 30 directed to an electrophysiology device having a conducting member disposed about the shaft and temperature sensor. Support for the amendment can be found in claim 5 as originally filed.

Applicant wishes to bring to the attention of the Patent Office the references listed in the attached PTO-1449, and requests that they be considered by the Examiner. This information disclosure statement is being submitted pursuant to 37 C.F.R. §1.97(b)(3), therefore no fee is due.

Applicant submits that the pending claims define patentable subject matter and respectfully requests consideration and early allowance thereof.

Respectfully submitted,

By: Priscilla Mark
